

OUT-OF-THE-BOX

Give citizens what they want.

This location-based discovery tool Engages Citizens in real-time with current events, road closures, transit times, problem reporting, garbage and recycling information, and more.

It's all the information that your residents need, delivered directly to their mobile device, from a source they trust.

PINGSTREET BENEFITS

Reliable information that residents want from a source they trust. Where they are — when they need it — how they want it. On their smart phones.
